

The Mariachi Miracle is a film and book project by Daniel Buckley documenting the ways in which youth mariachi and folklórico dance programs have transformed the social, political, economic, educational and artistic fabric of Tucson, Arizona.

Now winding up production, we will likely be in the editing phase of the film and book project this spring or summer if all continues to go well. However advances in technology over the past few months have given us the opportunity to reshoot portions of the film in much higher resolution than has been possible in the past.

Presently producer/director Daniel Buckley is filming in area schools, at the Tucson International Mariachi Conference and beyond to show these productive programs in action.

We ask that you sign the release sheet so that those involved in these programs might be included in the film. It is imperative that we have that we have releases from everyone involved, including teachers and staff, in order to use these segments in the film.

I ask your help in this so that we can produce the finest film and book possible and tell this important and timely story with the world in the most impactful way.

If you have any questions please feel free to contact me. And please feel free to check into the website (below) and/or the Mariachi Miracle Facebook page for insights on the project and updates on its progress.

Thank you very much!

Daniel Buckley
